

## Interview Consent Form

You have been asked to participate in an interview conducted by Susan Vanderplas from the Statistics Department at Iowa State University. The purpose of this interview is to explore the relationship between depth perception and certain optical illusions. The results of this study may be described in a research paper and may also be described in oral presentations about this work. Your participation is entirely voluntary; you may refuse to answer any question and you may leave at any time.

In order to indicate your consent to participate in this interview, please initial and complete the following:

- I consent to the use of this interview in research publications and presentations: \_\_\_\_\_

In order to protect my privacy, the researcher may use the alias \_\_\_\_\_ in the publication (typically, the participant's initials; John Doe would be abbreviated JD).

- I consent to the brief description of any medical conditions pertinent to this research in publications and presentations: \_\_\_\_\_

Name: \_\_\_\_\_

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

Signature of Investigator: \_\_\_\_\_

Date: \_\_\_\_\_
